Off the busy city streets, down a winding lane, discover an oasis on four wooded acres, in The Estates at Treмонт. "Greensgate," is an elegant home designed for entertaining clients, friends and family. A grand entry of limestone welcomes you, while warm earth tones of cream and taupe draw you into the foyer. As you stroll the wide hallways be sure to notice the quality materials that are a step above the rest. The detailed custom moldings and intricacy of the cabinets are found throughout. This home features an attached guest suite that includes a kitchenette, bedroom, bathroom and cozy sitting room. This additional living space enhances privacy for both you and your guests. Step out the back door and enjoy the patio with built in barbecue, fireplace and kitchen for summer entertaining. Watch the kids on the Sport Court or the grandparents on the putting green and relax...this is home.

Builder. Every dream...each detail...every step of the way, MacPherson Construction and Design is about making your dreams become reality. With nearly two decades of experience in the design and construction of quality custom homes, the MacPherson team has carved out a niche, as one of the areas most respected design/build firms.

Roger's architectural background will guide you through the creative process of design, to create a home that will incorporate your personal tastes as well as individual lifestyle demands. Any potential conflict between architect and

The team at MacPherson Construction & Design

contractor is eliminated. At MacPherson Construction & Design, we approach each project with a feeling of pride and accountability.

Our team of employees will make each detail of your home a priority, as they are concerned with consistent quality and complete homeowner satisfaction. MacPherson Construction & Design also offers complete interior design services. We'll help you with your selections from color and material to furniture and accessories. Joining our team are some of the area's finest subcontractors. Long term relationships mean proven reliability and quality craftsmanship.

Throughout the design and construction of your home, nothing feels quite as good as knowing that we are dedicated to every detail of your dream.

Furnishings. Enter a world of undefined boundaries, where interior and exterior blend, a home that is steeped in the tradition of casual entertaining. Artistic treasures abound, collected and cared for from around the world. Textures and tones play their part in this experience. Colors of an English garden, a southern plantation, and a chateau south of France inspired the design throughout "Greensgate." The heart of the home, where people meet and relax after a long day is the kitchen/family area where darker warm tones evoke intimacy and warmth. This is a home where dreams have become a reality. A place to celebrate love and laughter.◊
